

MLCmagic™

MLC Calibration and QA in 30 Minutes

Calibrate and QA each MLC leaf with unparalleled accuracy and efficiency

The MLCmagic Advantage

- ▶ MLC calibration & QA
 - > Calibrate each MLC leaf to $\pm 0.1\text{mm}$
 - > Supports any MLC
 - > Complete in less than 30 minutes
- ▶ Advanced applications
 - > MLC leaf end modeling
 - > Interleaf leakage
 - > Carriage : Collimator alignment
- ▶ Interfaces directly with PROFILER 2
- ▶ Operates within PROFILER software
